FOR IMMEDIATE RELEASE

CSI: Computer Specialists Inc. has new Owners!

Middlebury, VT – CSI: Computer Specialists Inc., located on Route 7 in Middlebury across from A & W, has been purchased by Tim and Nancy Bradley. The Bradley's purchased the business on March 1, 2007.

The Addison County Chamber of Commerce helped Tim and Nancy celebrate with a ribbon cutting ceremony on April 10th.

Tim had been an employee at CSI for two and a half years when the opportunity came up to purchase the business. Before working at CSI, he had been employed by the Burlington Free Press for 10 and Standard Register for 12 years. Tim's wife Nancy has been working at Agway Farm and Garden Center for 19 years and plans on continuing with Agway and leaving the computing to Tim.

Tim plans on continuing the great service for local and business customers, as well as expanding the product lines the store offers. He plans on offering discounts on their website www.computersvt.com as well as in the store.

Basic Computer classes will be held at CSI in the beginning of May. These classes will teach people the basics of computer operation and will be kept small to give personalized attention.

For more information about CSI, please feel free to call Tim at 388-1444, or stop to see him. CSI is your local computer source and they are always willing to sit down and talk with you about your needs.
